PRESS RELEASE

HYBRID EVENT VIETNAM WIND POWER 2021 ANNOUNCES A CHANGE OF VENUE TO THE INTERNATIONAL CONVENTION CENTER (ICC), HANOI

- *The fourth edition of Vietnam Wind Power 2021 taking place on 1-2 December 2021 has announced a change of venue to the International Convention Center (ICC), 35 Hung Vuong, Ba Dinh District, Hanoi.*
- *Organised by the Global Wind Energy Council (GWEC) in partnership with Informa Markets, the event will be held in hybrid format that combines both physical and digital participation experiences.*
- *The event is held alongside the Vietnam Technology & Energy Forum organised by the State Agency for Technology Innovation (SATI).*
- *Bringing together the most knowledgeable minds in the wind energy industry, the event is poised to be a gateway to engage and influence discussions to accelerate onshore and offshore wind in one of the leading countries in Southeast Asia.*

Ho Chi Minh City, November 25, 2021 – Organised by the Global Wind Energy Council (GWEC) in partnership with Informa Markets, with the support of the Danish Embassy Hanoi, GIZ, Germany, the Norwegian Embassy, Innovation Norway, and the British Embassy, Vietnam Wind Power 2021 has announced a change of venue to the International Convention Center (ICC), 35 Hung Vuong, Ba Dinh District, Hanoi. The event is taking place on 1-2 December 2021 alongside the Vietnam Technology & Energy Forum organised by the State Agency for Technology Innovation (SATI).

The 4th edition of Vietnam Wind Power 2021 is a timely event in light of Vietnam's orientations and policies to promote clean energy development and reduce emissions, especially after Vietnam's signing of the Global Coal to Clean Power Transition Statement at the 26th United Nations Climate Change Conference of the Parties (COP26) in Glasgow. The event will shed light on the wind energy transition propelled by the spectacular progress of renewable energy in Vietnam, how wind power plays a bigger role in Vietnam's future energy mix, as well as the big picture of offshore wind being successfully deployed globally and in Asia.

During the event, a collection of industry leaders, government representatives, and global stakeholders shall also discuss both business opportunities and challenges of the inevitable transition from fossil fuels into clean energy, and future paths to accelerate renewable-centric unique opportunities for economic growth and prosperity. The list of high-profile speakers includes, but is not limited to: representatives from Ministry of Science and Technology (MOST), Nguyen Phuong Mai, Deputy General Director of Electricity and Renewable Energy Authority

Wind Power

🕒 1-2 DECEMBER 2021

📍 INTERNATIONAL CONVENTION CENTER & ONLINE
35 Hung Vuong Street, Ba Dinh District, Hanoi

(EREA), Ben Backwell, CEO of Global Wind Energy Council (GWEC), Kim Højlund Christensen, Erik Kjaer, Chief Advisor, Centre for Global Cooperation, Danish Energy Agency, Jon Dugstad, Director Wind and Solar, Norwegian Energy Partners (NORWEP), Bui Van Thinh, CEO of Thuan Binh Wind, Shah Sujay, Managing Director at Standard Chartered Bank.

For the first time, **the Vietnam Wind Power industry event will be held in a hybrid format**, combining an in-person conference experience with a virtual component. Delegates can attend either in person or virtually from anywhere in the world, via the Digital Connect platform. Digital Connect is a newly-launched product of Informa Markets to provide the best quality B2B online networking platform to help businesses grow and reach international and local partners. Through a powerful virtual platform, remote delegates will be able to access all event highlights, including industry-leading keynote presentations and panel discussions, connect with speakers and other attendees online via chat, video call, virtual one-on-one meetings, and discussion groups.

To ensure a safe and enjoyable conference experience, delegates attending the physical event are encouraged to prepare for the Covid-19 test by RT-PCR within 72 hours before entering the hall. For virtual participation, delegates need to access the Informa Markets' Digital Connect and create a password to log in. For all inquiries about the event, please contact the Organisers.
